

Hope Continues To Grow In Many Hearts!

Our new orphan home “Hope for Children” is now in Punjab India

What great joy it is for us to announce that after almost 2 years of building rooms we have now opened up “Hope for Children “In honor of John Francis Lawler IV.

We are starting out with 5 girls all of whom are in desperate need of love and care. They will now receive a new start in life as they are raised up in the love and admonition of the Lord.

Two of the little girls had a mother and father but because they could not take care of them they both committed suicide within two months of each other by burning themselves to death.

These children were so dirty and in need of food and clothing when we first met them as we held them and cried many tears because of their conditions.

Now we cry tears of joy as they are clean and with new dresses and are being loved and nurtured. They now are in a loving family and will be well taken care of.

Jesus has called us to be a blessing to the orphans and poor and as we continue to do this He promises us that we would be blessed in everything that we do. We are so thankful for this beautiful new home of hope and love.

An amazing blessing of clothes for poor slum children in India in honor of Harper Rose Briar who tragically lost her life at 6 months of age.

What amazing love we received here in Amritsar, India! Our hearts go out to the precious parents of little Harper Rose Briar as they gave us many of her clothes to bless the poor children in the slum areas and local villages.

We are certain that Harper's precious little spirit of love and joy that she possessed was passed onto many of the beautiful infant children here. They were in definite need of her clothes that we distributed.

Please pray for the beautiful parents Marissa and Blake in this saddening death of their child who passed on 1-24-19. God comfort them.

Six John Francis Lawler scholarships for poor and orphan girls in Punjab India to start a business and help their families.

Nothing blesses our hearts more than to see the poor, orphans, and widows being blessed in life.

God continues to grow our John Francis Lawler IV scholarship program wherever we go to help us to change the lives of many of these precious girls.

This definitely enables them to earn a living and in some cases not to be sold into a marriage at a very young age.

Hearts of love making clothes

So many beautiful dresses are being made by Sandy Button, Lynda Bushman and Liz for poor and orphan girls in Uganda, Africa. So far they have already made us over 150 dresses, shorts, tops, bears, bags, etc. Our hearts are so thankful for their generosity!

Chairs for Haddassah girls

God continues to bless our beautiful orphan girls at the Haddassah Girls Empowerment Center in Uganda, Africa. They were in desperate need of new chairs for their sewing projects. We are so happy that we could purchase chairs and have new stools built. This will enable them to continue learning the sewing trade. We are so proud of them all and how God is blessing their lives.

A new church started in the slum area of Nepal

The joy that we are now experiencing here in the slum area of Bagmati Nepal is so beautiful. We have now started a church here to bring life and hope to these people who have no hope or someone to love them. God continues to bless us as we are obedient to do as He speaks. Glory to Jesus !

We can't do this without you!

Thank you for being a part of us!

Both my wife and I are so humbled by your love for us to help us to continue to see lives totally transformed for the glory of Gods Kingdom everywhere that we go. Together we are changing the world one life at a time. We are so blessed by all of you that have joined us and have supported us in so many ways. May God bless all of you! ☺

Our love to you all!

Rev. Jim and Darlene Hetzel
